

EnPe Project

Capacity Building in Renewable Energy Education and Research - 4th Annual Meeting

Venue: Makerere University Guest House

Dates: 17-18 September 2018

The Energy & Petroleum (EnPe) Project in Renewable Energy is funded by NORAD. The 4th annual meeting of the project will be held at Makerere University on 17-18 September 2018. The meeting will bring together project partners from Mekelle University, Norwegian University of Science & Technology (NTNU), Eduardo Mondolen University, Maputo, University of Dar es Saalam and Makerere University. The event is hosted by Department of Physics, College of Natural Sciences, Makerere. The main aim of the meeting is to discuss the progress reports of PhD candidates and institutional project reports. At Makerere, the project is supporting 4 PhD candidates and 10 MSc students. Some of the MSc. students have already completed their studies.
